

# 20th Symposium on Astroparticle Physics in the Netherlands

## Thursday, 26 March 2015

### session 2 (13:30 - 15:30)

time	[id] title	presenter
13:30	[9] Gamma-ray processes in galactic sources	DE ONA WILHELMI, Emma
14:30	[11] Revisiting the Gerasimova-Zatsepin effect	VAN EIJDEN, Vincent
14:45	[12] A study of the energy spectrum and the composition of cosmic rays	THOUDAM, Satyendra
15:00	[10] The exceptionally powerful TeV gamma-ray emitters in the Large Magellanic Cloud	VINK, Jacco
