

- ▶ LSG multi-messenger work package
  - ▶ Aim to prepare MMA work related to LISA
  - ▶ Co-chaired by Samaya Nissanke
  - ▶ Monthly telecons
  - ▶ Mock Data challenge for MMA with Massive black holes
- ▶ LSG Astrophysics working group
  - ▶ Pre-LISA EM projects
    - ▶ Aim to determine what is needed before LISA flies (observations and instrument development)
    - ▶ Massive Black holes: e.g. workshops Multi-wavelength observations on dual AGN” 31 March 2023 / 3:00-6:10 pm CET
    - ▶ Galactic binaries (including van Roestel, Nelemans, et al.)
